Work Experience

Mangonel

FRONTEND ENGINEER

Zagreb, Croatia (Remote)

Jul 2022 - Present

- Responsible for development and maintenance of several enterprise projects for a large Swiss insurance provider.
- Position of a lead frontend engineer.
- Improved company's internal systems and libraries.
- Mentored colleagues on web technologies.
- Worked on things outside of my primary domain: worked on bringing in new clients, proposed ideas for in-house projects, explored agentic workflows.

Freelance

SOFTWARE ENGINEER

Remote

Jun 2022 - Present

- Handled several projects for different clients.
- Worked with a Scandinavian sports photography agency where I improved their internal tools, speed up their workflow and improved their SEO rankings.
- Gained experience in mobile development with React Native.

Mercury Digital

CO-FOUNDER, WEB DEVELOPER

Rijeka, Croatia

Feb 2020 - Jun 2022

- Besides development work, I had to manage projects, handle client relations, acquire new clients and do similar business-related tasks.
- Mentored several CS students from the University of Rijeka who were doing internships at the company.
- Developed custom e-commerce tools and platforms.
- Developed custom data processing and visualisation tools for InfoCoV research project in collaboration with the University of Rijeka.

MESOC

WEB DEVELOPER

Remote

Oct 2020 - Dec 2021

- Responsible for developing the UI of a BI dashboard.
- Part of a team of six.
- Worked with PhD students and professors from the University of Rijeka

Skills and technologies

I excel at TypeScript, JavaScript, Node.js

I am comfortable with Python, PHP, Go, Shell scripting

I plan to get good at Rust

Formal education

Faculty of Informatics and Digital Technologies

BACHELORS'S DEGREE IN COMPUTER SCIENCE

Rijeka, Croatia

2018 - 2021

- **Thesis:** Development of MESOC Toolkit Web Application in React
